NOTES

The Active Lives Children and Young People Survey is an online survey carried out by Ipsos MORI. Each term, a number of schools are randomly selected to take part in the survey, with the aim of getting 100,000 children and young people in Years 1 to 11 to complete it each academic year. The survey runs on an annual basis. More information on the survey can be found on the Sport England website. <https://www.sportengland.org/>

SURVEY TIMINGS

Fieldwork for the survey took place between 6th January to 20th March 2020.

SAMPLE

584 pupils from 5 classes completed the survey:

- 153 Pupils from **Year 7**,
- 162 Pupils from **Year 8**,
- 136 Pupils from **Year 9**,
- 132 Pupils from **Year 10**,
- 1 Pupils from **Year 11**,

NATIONAL REPORT

The third national report by Sport England will be published in December 2020 and will be accessible via the Sport England website. That report will include data from the 2019/2020 academic year.

NO DATA AVAILABLE FOR THIS METRIC

You may see this message in place of a chart or statistic. This is shown when there were fewer than 25 pupils answering the question overall or for the breakdown presented (e.g. boys and girls).

NATIONAL DATA WITHIN THIS REPORT

On some pages national level data from the 2018/19 academic year is shown for reference. For your school these are national figures from Year 7-11 (base: 59,247). Go to <https://www.sportengland.org/media/14325/active-lives-children-survey-academic-year-18-19.pdf> to see the full National Report for 2018/19.

LIMITATIONS OF THE DATA

Due to the small numbers of pupils from your school that have participated in the survey, it is not possible to make reliable comparisons between your school results and the national level data. National data is therefore only provided as an indication of the national picture. Any differences between groups may be down to the small sample sizes and may not be real differences.

MEASURES OF ACTIVITY

Moderate activity is defined as activity which makes pupils breathe faster.

Vigorous activity is defined as activity which makes pupils hot or tired.
