WHAT DO YOU WANT TO DISCOVER?

TUESDAY 1 & WEDNESDAY 2 NOVEMBER
NORTH DEVON & BRANNAMS CAMPUS
5:00-7:30pm

Whether you know what you'd like to study or are still undecided, Petroc Open Events are the best way to find out more about your options after you leave Year 11 - whatever your interests!

To give you the best possible experience, we are holding our autumn Open Events over two successive evenings:

Tuesday 1 November - 5:00-7:30pm | Wednesday 2 November - 5:00-7:30pm

Across both evenings, the doors to our campuses are wide open for you to discover everything Petroc has to offer, from A Levels to T Levels and apprenticeships to vocational courses. When you join us you can expect to:

- Meet our passionate subject specialists and industry-experienced lecturers to find out more about our courses, outstanding results and progression routes.
- Visit our exceptional facilities (at both our North Devon & Brannams campuses) including our commercial hair and beauty salons, unique Animal Centre, true-to-life vehicle workshops, state-of-the-art engineering and digital science suites, and large performance, art and media studios.
- Talk to our current students and hear what they have to say about studying at Petroc!
- Explore a whole host of exciting opportunities on offer to you when you're not studying - including our Student Union, Sustainability Academy, Creative Academy, Marine Academy, Sport Academies (including Chelsea FC Football Academy), and Fresh FM – our successful college radio station.
- Get help and information from our friendly Advice & Guidance Team regarding course choice, careers, funding, travel and any other support you may need.

There is a subject for everyone to discover at Petroc! Your future starts here!
