School Staff Wish List

An email was sent out to staff at Braunton Academy to identify what they would like BAPP to fundraise for during 2019 and the attached list is a summary of the responses. Sally will forward the list to all staff to identify if they would like any further additions to the list.

Sally noted there was currently £447 in the general BAPP fund and an additional £1,151 which had been specifically raised for music.

BAPP discussed if there were any items on the list they would like to support initially, and it was agreed to fund the request from Mr England and Ms Murphy. Although the group were particularly interested in supporting the Science project of a timeline in the corridor, although funds would need to be raised first.

Full list to be published via ParentMail prior to the Quiz fundraiser (see below) so that parents are aware of what specific items the school and their children need money raised for.
