

# Careerpilot

Career Pathway planner tool

# Career Pilot

The Career pilot website is provided free to schools in the South West through Next Steps South West.

It has been designed by a group of South West Universities to help students make informed career choices.

On the programme there are activities for students and parents that will help you to navigate year 9 pathways choices and start gaining information about future careers.

Follow the guidance on the next few slides.

# Register

Watch this video (watch it all so you know what you have to do)

This explains Careerpilot, shows you how to register and takes you through the year 9 activities.

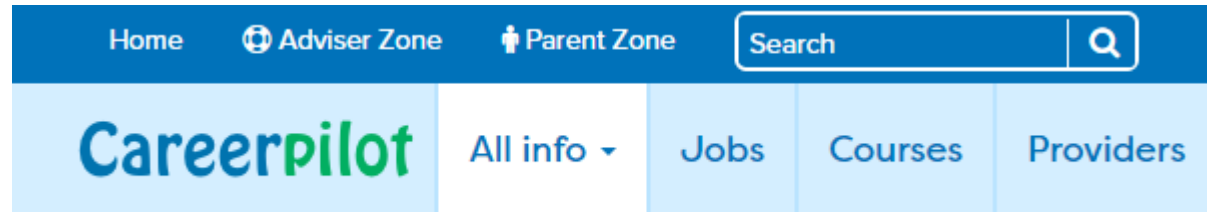

You will continue to use this programme in years 10 and 11 so make sure you save the research you have done.

[Careerpilot](#)

You and your parents might also want to try the icould Buzz Quiz.

# Parent Zone

Parents can access the Parent zone which has lots of useful advice on supporting your child.

## What do you want to know?

Information to help parents and carers support young people in making the right decision about study and work
