Ms Wilson

exams@braunton.academy

JCQ On your **exam day**

This checklist will help you to be as prepared as possible for your exams, so that on the day itself you can focus on doing your best.

Before sitting your exams, ensure you know:

- ☐ The date, time and location of your exams - you might find it helpful to write this information in a calendar or planner
- ☐ Who to contact at school or college in case there's an emergency that makes you late or unable to sit your exams

What you cannot take into exams:

- ☐ any type of phone
- ☐ revision notes
- ☐ any type of watch (this includes analogue, digital and smart watches)

What you will need:

- ☐ a clear pencil case
- ☐ at least two black ink pens - blue pens are not acceptable
- ☐ an approved calculator for relevant exams
- ☐ appropriate apparatus such as a ruler or protractor for relevant exams
- ☐ a clear water bottle if you wish to take one in - it must not have a label

Other important information:

- ☐ Listen carefully to the invigilator's instructions which will be specific to your exam. If you are unsure of anything, please raise your hand and wait for the invigilator.
- ☐ Fill in your details on the front of your answer booklet.
- ☐ If you need additional answer sheets, raise your hand and wait for an invigilator who will provide you with one. Remember to add your details to this booklet too.
- ☐ If you need to use the toilet or feel unwell, raise your hand and wait for an invigilator who will escort you from the exam room.
- ☐ Make sure you stay silent - talking to a fellow candidate could result in disqualification from all your exams.

Contingency sessions:

- ☐ There are contingency sessions within the Summer 2024 exam timetable - the afternoon of 6 June and 13 June 2024, and the morning and afternoon of 26 June 2024. Make sure you are available on all three dates even if you do not have an exam.

If you have any questions about your exams, please ask your teacher or exams officer.

You can also find useful information about preparing for exams at www.jcq.org.uk/exams-office/information-for-candidates-documents

EFFECTIVE FROM 1 SEPTEMBER 2023

JCQ Information for candidates
Using social media and examinations/assessments

While we like to share our experiences online, when it comes to exams, we have to be careful.

- Sharing ideas online can be helpful when you're studying or revising.
- However, sharing certain information (see information on the right) can break the rules and could affect your results.
- If you're not sure what you can and can't discuss online, check with your teacher.
- If you receive exam content on social media, you must tell your teacher.
- Don't be caught out by scammers selling fake exam papers.

Things to do on social media:

- Have fun
- Be responsible
- Report any exam content you see to your teacher

Things not to do on social media:

- Buy/sell or share exam content
- Pass on rumours of what's in exams
- Share your work
- Work with others so that your coursework is not your own independent work

If you do any of the above activities, you may:

- Receive a written warning
- Lose marks
- Be disqualified from a part or all of your qualifications
- Be banned from taking assessments for a number of years

Please take the time to familiarise yourself with the JCQ rules: jq.org.uk/exams-office/information-for-candidates-documents

UCAS - Architecture

Bath Spa University

Qualification requirements

▼ A level - BCC - CCC

A Level - grades BCC-CCC including a Grade C in Art and Design or related subject.

▼ Pearson BTEC Level 3 National Extended Diploma (first teaching from September 2016) - DMM - MMM

BTEC - Extended Diploma grades from Distinction, Merit, Merit (DMM) to Merit, Merit, Merit (MMM) in a related subject, or evidence of experience in Art and Design

▶ Access to HE Diploma - M: 30 credits

▶ International Baccalaureate Diploma Programme - 27 points

▼ T Level - M

Grade Merit is preferred.

BRAUNTON ACADEMY
ASPIRE & ACHIEVE

University of Liverpool

Qualification requirements

▶ UCAS Tariff - Not accepted

▼ A level - AAA

Typical offer AAA. We will consider applicants with lower grades, subject to a strong portfolio submission or Selection Day attendance. There are no specific subject requirements but you will be required to submit an art-based portfolio.

▼ Pearson BTEC Level 3 National Extended Diploma (first teaching from September 2016) - DDD

UCAS - Economics

Birmingham

Qualification requirements

► UCAS Tariff - Not accepted

▼ A level - AAB - AAA

Required subjects and grades: GCSE Mathematics at grade 7/A.
General Studies not accepted.

▼ Pearson BTEC Level 3 National Extended Diploma (first teaching from September 2016)

BTEC Extended Diploma, Diploma and Subsidiary Diploma are all considered on a case by case basis - contact us for further guidance.

University of Lancaster

Qualification requirements

▼ A level - AAB

Subject requirement: B in A level Mathematics or Further Mathematics

▼ Pearson BTEC Level 3 National Extended Diploma (first teaching from September 2016)

May be considered alongside A level Mathematics or Further Mathematics

► Access to HE Diploma

► International Baccalaureate Diploma Programme - 35 points

GCSE requirements: Mathematics grade B or 6, English Language grade C or

Apprenticeships

Optical Assistant Apprenticeship - Bideford Specsavers

SPECSAVERS OPTICAL SUPERSTORES LIMITED
Bideford (EX39 2AA)

Closes in 8 days (Tuesday 22 September 2026)

Mental Health Support

1:1 session and workshops

Assemblies

Planned and run by HOY and safeguarding team

~~Pastoral support (assistant heads of year)~~

~~Tailored sessions for groups of students~~

PD lessons

First half term are focused on mental health (identify and coping strategies)

KEY takeaway:

**This year will be tough!
But with all the support
networks and guidance
at school and at home,
*you can do it.***

**Remember, you are not
on your own. Teamwork
makes the dream work.**

Managing anxiety and exam stress

Sophrology is helping your body and your mind relax, helping you focus, going beyond mindfulness.

Benefits

1. Reduce stress and anxiety
2. Improve concentration
3. Boosts self-confidence
4. Enhance memory recall
5. Promote better sleep and emotional intelligence

Course of 6 sessions Monday
Lunchtime Room 40 Mrs Duthuit
Limited to 8 spaces per course

Preparation is the key to success this year

**Make it work for
you and your
own schedule.**

**PPEs are mock
exams. So, you
must use them as
a practice for the
real thing.**

Failing to prepare is preparing to fail!

Tutor/P6 Interventions plan that evolves over the year

- Maths, English and IDL have already started this week
- Some subjects will run now until Christmas
- January to Easter – additional options
- Individual subject revision classes on ad-hoc basis

Cornell Notes

BRAUNTON ACADEMY
ASPIRE & ACHIEVE

03 November 2022

Why do people live in locations at risk of tectonic hazards?

Social, economic & environmental aspects of Iceland.	Iceland is located on a Plate boundary yet has a thriving economy as well as being significantly environmental and Social, but how do they do this while still at risk from a tectonic hazard? 
Iceland is able to make huge environmental gains due to the geothermal energy available to them.	Firstly Iceland gains huge environmental benefits from the geothermal energy that is able to be produced by using the underground heat subjected by volcanoes that occur due to the Constructive Plate boundary it is located on.  Due to this incredible and very significant environmental gains are able to be made by using this renewable energy. It can also be cheaper in the long run.
Socially Iceland benefits hugely from tourists.	Secondly Iceland is a outstanding geographical and naturally gifted landscape featuring natural springs that benefit your body and volcanic locations to amaze you. This brings in masses of amounts of tourists and gains social rates. 
When cash flow increases and creates the multiplier effect Iceland is better economically.	The social and environmental gains also benefit Iceland economically because money drawn in from geothermal and tourism creates a bigger flow/circulation of money known as the multiplier effect. 

In Conclusion people live in areas of tectonic hazards because with that risk there also comes a number of other benefits that make the local area thrive and grow. That's a risk willing to take for some people.

At this point you need to be studying for 2 hours a day on average. 30 minutes can be done in school during tutor time.

Complete your hours in 30-40 minute chunks to make them more manageable.

Try 5 minute challenges – regularly and often.

Build in lots of good breaks.

Good luck!

Specific tips to
help with Science !

Science Revision

BRAUNTON ACADEMY
ASPIRE & ACHIEVE

-  **What skills do you need for your Science exams?**
- **40% – Remember it**
Around **40% of your marks** come from being able to **remember and recall the science knowledge** you have been taught.
- **40% – Apply it**
Around **40% of your marks** come from being able to **use your science knowledge**. You might need to apply what you know to a **new or unfamiliar situation**, so read the question carefully and think about what science you can use.
-  **Know your command words**
Command words such as describe, explain, calculate, compare and evaluate tell you **what the question wants you to do**. Knowing what these words mean will help you understand how to answer the question and gain marks.
- **20% – Work scientifically**
The final **20% of your marks** are linked to **practical and working scientifically skills**. Make sure you understand the required practicals you have completed, including **methods, variables, results, graphs, conclusions and evaluating experiments**.
-  The key message:
- **KNOW IT + APPLY IT + WORK SCIENTIFICALLY = EXAM SUCCESS**

Sparx Science

• How to Ace Your Revision

- **Target Your Weak Spots:** Use your mock exam results or checklists to find topics you find tough. Search for the topic name or Sparx code in the **Independent Learning** section to start revising.
- **Smash the Personal Practice:** Use the smart algorithm to build custom 10-question tasks. It automatically mixes in old topics you haven't seen in a while to stop you from forgetting them.
- **Master the Flashcard Deck:** Spend 5–10 minutes a day on your personalised flashcards. Isolate them by unit (like B1 Cells or P1 Energy) to do highly focused bursts of revision.
- **Learn from Mistakes:** When you get a question wrong, don't skip it. Watch the support video, write down the correct method, and answer the follow-up question to lock the memory in

AQA Past Exam Papers

- Many past exam papers and their mark schemes available online.

Access AQA Sciences Past Papers here:

[AQA | Resources | Past Papers & AQA Mark Schemes](#)

IDEAS:

- Complete in one colour without notes and in timed conditions, and in another colour using notes.
- Complete all in pencil, mark, rub out, and complete again.
- Complete the exam "closed book" (using no notes) and in the time period allowed.
- Focus on weaker areas, as a whole exam paper can be daunting.

English Language & Literature

Lara Couch

Reading

1 non-fiction and 1
literary non-fiction
text

Section B:

Writing

Writing to present
a viewpoint

Total exam time:

1 hour and 45 minutes

Total exam time:

1 hour and 45 minutes

All exams will be at the end of Year 11. You will also sit an English Literature GCSE.

A reminder...

2 separate GCSE qualifications

4 exams: 2 for Language and 2 for Literature

A total of 7 hours and 30 minutes in the exam hall!

All closed book exams, so...

... start revising NOW!

Little and often is the key to staying well and doing well.

What do you need to revise?

BRAUNTON ACADEMY
ASPIRE & ACHIEVE

Language:

- ✓ Subject terminology
- ✓ Reading skills (fiction and non-fiction)
- ✓ Writing skills to describe, inform, argue, and persuade
- ✓ Revisit the basics of SPaG

*"If you add a little to a little and do this often,
soon the little will become great."*

- Hesiod

Literature:

- ✓ THREE set texts (plot, characterisation, setting, language, structure and context) PLUS Anthology Poetry (15 poems)
- ✓ Unseen Poetry: meaning, imagery, tone, structure, language
- ✓ Quotations

Skills for Language and Literature are transferrable!

How can you revise effectively?

Active revision

- ✓ Read notes and reduce – **revision cards** are useful
- ✓ **Re-read set texts** - **highlight quotations** and **annotate**
- ✓ Create **word walls for quotes** and key chapters
- ✓ Write a quiz or “speed dating” questions
- ✓ Trace key words with finger, highlighter
- ✓ Create card sort activities
- ✓ **Visually organise** or reorganise notes using columns, charts, categories
- ✓ **Know your AOs** and where you need to address them
- ✓ **Most importantly – complete timed practice exam questions!**

BRAUNTTON ACADEMY
ASPIRE & ACHIEVE

*“If you add a little to a little and do this often,
soon the little will become great.”*

How do I revise for my GCSE Maths?

BRAUNTON ACADEMY
ASPIRE & ACHIEVE

Basically hard work pays off.

If you are willing to put in the hard work then you can definitely get a top grade in maths.

It depends how much you want it!

BRAUNTON ACADEMY
ASPIRE & ACHIEVE

Top Revision Tips

BRAUNTON ACADEMY
ASPIRE & ACHIEVE

1) Start early using a “little and often” approach.

It is so important that you regularly practise the material you have learnt in lessons.

The only way to remember what you learnt yesterday/last week/last month/last year is to regularly try questions on those topics.
Use tutor time (P6)

BRAUNTON ACADEMY
ASPIRE & ACHIEVE

2) Revise strategically – ensure you have a list of the topics that are in the exam

Indices (fractional/negative) - Videos 173, 175
Standard Form - Videos 300, 301, 302, 303
Percentages of Amounts - Videos 234, 235
Percentage change - Video 233
Compound Interest - Video 236
Reverse Percentages - Video 240
Recurring Decimals to Fractions - Video 96
Ratio - Videos 270, 271
Direct Proportion - Video 254
Inverse Proportion - Video 255
Limits of Accuracy - Videos 183, 184
Surds - Videos 305, 306, 307, 308
Product Rule for Counting - Video 383
Error Intervals - Video 377
Collecting Like Terms - Video 9
Expanding a Bracket - Video 13
Expanding 2/3 Brackets - Videos 14, 15
Factorising - Video 117
Factorising Quadratics - Videos 118, 119, 120
Algebraic Fractions - Videos 21, 22, 23, 24
Sequences (nth term) - Videos 288, 289
nth term (quadratics) - Video 388
Substitution - Video 20
Equations - Videos 110, 113, 114, 115
Changing the Subject - Videos 7, 8
Inequalities - Videos 177, 178, 179
Inequalities (Regions) - Video 182
Quadratic Inequalities - Video 378
Linear Graphs - Videos 191, 186, 189, 194
Parallel or Perpendicular Lines - Videos 196, 197
Simultaneous Equations - Video 295/298

GCSE Higher Tier Checklist

9-1

Angles in Parallel Lines - Video 25, 39
Bearings - Video 26, 27
Angles in Polygons - Video 32
Constructions - Video 78, 72, 79, 80, 70
Loci - Videos 75, 76, 77
Area of a Trapezium - Video 48
Circumference - Video 60
Area of a Circle - Video 40
Arc Length - Video 58
Area of a Sector - Video 48
Volume of a Cylinder - Video 357
Pythagoras - Video 257, 259
Trigonometry - Videos 329, 330, 331
3D Trig and Pythagoras - Videos 259, 332
Exact Trig Values - Video 341
Volume of a Prism - Video 356
Volume of Cone/Pyramid/Sphere - Videos 359-361
Surface Area of a Prism - Video 311
Surface Area of Cone/Sphere - Videos 314, 313
Translations - Video 325
Reflections - Video 272
Rotations - Video 275
Enlargements - Videos 104, 106, 107, 108
Similar Shapes - Videos 292, 293a, 293b
Circle Theorems - Videos 64, 65
Sine Rule - Video 333
Cosine Rule - Videos 335, 336
1/2abSinC - Video 337
Vectors - Video 353
Travel Graphs - Video 171
Speed, Distance, Time - Video 299
Density - Video 384
Pressure - Video 385
Geometric Proof - Video 366

Frequency Trees - Video 376
Two-way Tables - Video 319
Pie Charts - Videos 163, 164
Scatter Graphs - Videos 165, 166
Histograms - Video 157, 158, 159
Frequency Polygons - Videos 155, 156
Stem-and-leaf - Videos 169, 170
Cumulative Frequency - Videos 153, 154
Box Plots - Video 149
Estimated Mean - Video 55
Tree Diagrams - Video 252
Conditional Probability - Video 247
Capture Recapture - Video 391
Venn Diagrams - Video 380

Equation of a Circle - Video 12
Equation of a tangent - Video 372
Instantaneous rates of change - Video 309a
Average rates of change - Video 309b
Area under a curve - Video 389
Composite Functions - Video 370
Inverse Functions - Video 369
Quadratic Graphs - Video 264
Trigonometric Graphs - Videos 338, 339
Reciprocal Graphs - Video 346
Exponential Graphs - Video 345
Algebraic Proof - Video 365
Quadratic Formula - Video 267
Completing the Square - Video 10, 371
Transformations of Graphs - Video 323
Iteration - Video 373

BRAUNTON ACADEMY
ASPIRE & ACHIEVE

3) Past papers, past papers, past papers!

The vast majority of a GCSE maths paper is fairly predictable. So by completing loads of past papers, you will be fully prepared for the majority of the questions... it will also help you identify what topics are your “weaknesses.”

BRAUNTON ACADEMY
ASPIRE & ACHIEVE

4) Timings

When you are working on past papers, consider timing yourself to make sure you are working at a good pace.

If the exam has 80 marks and is 1 hour 30 minutes long, “a minute a mark” is a good rough guideline.

BRAUNTON ACADEMY
ASPIRE & ACHIEVE

5) Revision Sessions.

I highly recommend taking advantage of any opportunities you have in school.

Revision sessions will be starting after half term.

BRAUNTON ACADEMY
ASPIRE & ACHIEVE

6) Variety.

Mix up your revision, adding in different activities.
Use revision cards or even make your own!

Make a posters on key facts.

It's important that you don't get bored of revision,
however, don't spend too long making posters.

BRAUNTON ACADEMY
ASPIRE & ACHIEVE

7) Use your lesson time wisely.

Although you may spend a few hours a week revising mathematics, remember you also have 3/4 maths lessons each week. Keep 100% focussed in your lessons and avoid distractions.

BRAUNTON ACADEMY
ASPIRE & ACHIEVE

8) Create a cheat sheet.

Start making a note of any useful formulae you need.

BRAUNTON ACADEMY
ASPIRE & ACHIEVE

9) Get prepared!

It is so important you are fully equipped to revise.

It is very important to become familiar with your calculator and what each button does.

BRAUNTON ACADEMY
ASPIRE & ACHIEVE

10) Use these great resources

Key dates

Monday 9th November : PPEs start (2 weeks)

Thursday 10th December : Parents Evening

Thursday 10th December : PPEs Results handed out & sent home

Monday 18th January: French Speaking PPEs

31st January : Deadline for college applications

Monday 22nd February : Food practical exams

Mon 1st March - 5th March : Mini PPE Series (Maths/Eng/Sci + some other subjects in class)

Mon 19th April: French speaking exams

Monday 10th May : First written exams start

Friday 18th June: Final exam

Wednesday 23rd June: Contingency day

Friday 25th June: Y11 Prom!

Thurs 19th Aug: GCSE results day

Final Key message...

There is no study leave!

BRAUNTON ACADEMY
ASPIRE & ACHIEVE

Thank you for coming and good luck all of you!!

This will be you next August!
